

miniBlink 123

- Audiophile Bluetooth Link
- High quality music replay from mobile devices
- Burr Brown PCM5102 24bit DAC
- Uses aptX™ streaming technology
- High-end audio circuitry and components
- Stylish design
- Supplied with all necessary cables

Effortlessly and reliably stream your favourite music or services such as Spotify® from your smart phone, tablet or laptop to your dock, mini system, AV system or Hi-Fi. In fact, you can connect miniBlink to any audio system with an auxilliary 3.5mm or phono input, the possibilities are endless!

Engineered by Arcam, and using the aptX™ transmission system, the miniBlink uses a high-end Burr Brown PCM5102 DAC to convert music with stunning quality.

Initial setup is simply plug in, pair and listen - as easy as 1,2,3! Music is delivered by Arcam electronics so you can be sure of world-class sound quality too.

You can even travel with your miniBlink! Not only is the unit very compact, but the supplied PSU comes complete with adaptors for UK, US, EU and Australia, making the miniBlink the perfect travel companion.
