

AVA15

Audio Video Amplifier

Experience music and movies as they were meant to be heard.

The AVA15 brings breathtaking clarity and depth to every note and every scene, putting you at the heart of the performance.

Expertly engineered in Cambridge, UK, and built on over 30 years of surround sound expertise, the AVA15 combines our passion for music with cutting-edge technology. Its powerful Class D amplification and advanced immersive audio processing deliver a sound that's as thrilling as it is precise.

With nine channels of amplification, the AVA15 drives setups like 7.1.2 or 5.1.4 with ease—and gives you room to expand with extra subwoofers, height, or surround speakers. Dolby Atmos and DTS:X bring cinema-grade immersion to your home, while Dirac Live room correction ensures every detail sounds perfect in your space.

At ARCAM, sound quality isn't just a promise—it's our obsession. Every AVA15 undergoes rigorous testing and listening sessions to guarantee it earns the ARCAM name.

And with a vibrant 6.5" colour display, intuitive on-screen menus, and the new Radia App, setup and streaming are effortless.

The AVA15: where music comes first, and movies follow in spectacular style.

Features

- High Power Class D Amplification with 85W into 8Ω
- Dolby Atmos, DTS:X
- Dirac Live Room Correction
- Bluetooth Remote Control for continuous out-of-sight control
- Works with new ARCAM Radia App for setup, control, Internet Radio and Podcasts
- Supports Apple Airplay, Google Cast, Spotify Connect, Tidal Connect and Qobuz Connect
- Bluetooth with Snapdragon Sound and Auracast
- Large high-resolution display for clearly visible status and metadata from the comfort of your main listening position
- Plastic-free packaging
